Hi John,

I should be able to send you the photos but I'm currently locked out of the complaint database so can't access them. I should have my password reset today or tomorrow and will get back to you then.

Thanks,

Scott,

I'm sorry to bug you but I am following up on gathering all the original information regarding a complaint that was filed and referred to our states ecology department about our company.

There are some pictures referenced in the complaint text that do not appear to have been forwarded. Can we get copies of them?

Let me know if I should foia that information.

I wanted to save that step because I know it can be a cumbersome process for you guys.

Regards,

John Beal
